

## 2020 Public Reporting

Due to the Public Health Emergency, CMS afforded NGACOs with the option to take their 2019 quality score and apply it to 2020, or report actual 2020 quality data. Primaria ACO, LLC chose to apply its 2019 quality score to 2020. Total shared savings, however, reflect actual 2020 financial performance.

### Shared Savings/Losses:

<b>Shared Savings after sequestration:</b>	<b>\$28,244,160.52</b>
Proportion of Shared Savings re-invested in infrastructure:	The amount of shared savings re-invested depends on the total amount of shared savings the ACO earns. Earned Shared Savings help cover ACO operating costs, as well as things such as patient care coordination and other ACO approved engagement incentives.
Proportion of shared Savings distributed to Primaria ACO participants and preferred providers:	Primaria ACO Participants can earn financial incentives for improving patient quality outcomes, improving the patient experience and responsibly reducing the total cost of care. These incentives are awarded regardless of whether the ACO earns shared savings or not.

### Quality Performance Results Measure Reporting:

ACO completely reported on 100% of measures:	Yes
ACO achieved minimum attainment on at least one measure in each domain:	Yes
ACO achieved minimum attainment on at least 70% of measures in each domain:	Yes
<b>2020 Final Quality Score*:</b>	<b>98.88%</b>
